From: Sylvia Williams, Editor

Subject: The 1960-61 Midlander

Date: May 15, 1961

On the following pages is recorded a summarization of the 1960-61 college year. It is by no means a complete chronicle since the staff reporters and photographers could not be at every spot, on every occasion, to note and record all of the prolifera of activities common to our Alma Mater. Consequently, the staff has been selective to a degree and it is the hope that you will be happy with what is included and understanding about the omissions.

The publication of a yearbook is a stupendous job, as I have discovered. This Midlander could not have been possible without the assistance of many people. First, I wish to thank Nolan Barham and the other members of the staff for the many hours of labor that were necessary for lay-out, preparing copy, selecting pictures, and providing extra funds to finance the book. Secondly, I give my special thanks to Dr. Bealer Smotherman and his assistant, Kenneth Love, for providing pictorial copy, and last but not least I owe a debt of gratitude to all of the students who answered the call for class and organization's pictures.

. . . I have asked the Associated Student Body general officers to introduce each section of the yearbook. Stanley Rogers, President; Thelma Holman, Vice-President; Nancy Johnson, Secretary; and Jay Hickey, Treasurer, alternately or in combination, will appear on each of the division pages. In most instances, interested personnel associated with the section will appear with the officers. The contents of the yearbook are as follows:

OFFICE OF THE
PRESIDENT

Students and Faculty
Middle Tennessee State College
Murfreesboro, Tennessee

Dear Friends:

The other ASB officers and I greatly appreciate the honor of introducing each of the sections of the 1960-61 yearbook. You have already taken a look at our campus buildings in the PICTORIAL PROLOGUE. Just ahead are the pages depicting our ADMINISTRATION. The state level includes our Governor, Hon. Buford Ellington and the State Board of Education whose chairman and commissioner is Hon. Joe Morgan.

At our local level, Dr. Quill Cope, assisted by his "cabinet" or advisors, administers the affairs of the college. Included in this advisory and administrative group are the three deans, business manager, director of field services and recruitment, and director of publications.

President Cope is in his third year at M. T. S. C. His enthusiasm and aggressive leadership have permeated to the far recesses of the college. As a result, new programs and ideas have been initiated to meet the challenges inherent in increasing enrollments and area needs. Our three fine deans, Dr. Kirksey, Mr. Beasley, and Dr. Keathley, are hovering over my shoulder and I'm not too responsible for any typing mistakes. Normally, I'm far from being nervous.

ADMINISTRATION

Governor Buford Ellington

GOVERNOR

Governor Buford Ellington will always have a special place in the heart of any MTSC man or woman. The former State Commissioner of Agriculture has proven himself to be one of the most efficient administrators in our state. On top of all of the duties at the state capitol, he still finds time to be active in the Methodist Church and the Scottish Rite Masons. The Ellington's son, John Earl, graduated from MTSC a few years ago and their daughter, Ann, is presently an MTSC co-ed. We are grateful to Governor Ellington for his help in shaping our school into the fine educational institution it is today.

President Quill E. Cope

PRESIDENT

Dr. Quill E. Cope's third year at MTSC brings with its increasing success more and more prestige to the college.

Dr. Cope received his B.S. degree from TPI in 1933. The M.A. and M.Ed. degrees he earned from Peabody in 1936 and 1949 respectively. He received the Ed.D. degree from New York University in 1951.

At the present time plans are being drawn for the addition of still more structures and the subsequent remodeling of existing facilities. Under the leadership and guidance of Dr. Cope, MTSC looks forward to continuing years of growth and prosperity.

President Cope and his family: Jim, Mrs. Cope, and John Rogers.

DEAN KIRKSEY

Dr. Howard Kirksey supervises the curriculum and is responsible for organizing the educational program. Dr. Kirksey, who received his Ph.D. from Peabody in 1950 and has since done further graduate study at the University of California, has been with MTSC since 1945. Dr. Kirksey is in great demand as a speaker and as an authority on education. With the needs of education growing rapidly each year, Dr. Kirksey may be counted upon to make the decisions which will most benefit the students and faculty.

Mr. N. C. Beasley, Dean of Admissions

DEAN BEASLEY

Many students are introduced to MTSC for the first time by a man who is certainly interested in them. Throughout his busy day, Dean N. C. Beasley personally interviews numbers of students who are applying for college or who need advice pertaining to their college program. A dedicated leader in administration, he is also a nationally recognized leader in the Methodist Church.

Dean Beasley keeps a constant and watchful eye on the I.B.M. operation, recently installed for the benefit of all students.

Dr. Belt Keathley, Dean of Students

DEAN KEATHLEY

With the hundreds of students on campus it is more than likely that there will be conflicts, disturbances, and differences. Dr. Belt Keathley takes care of the discipline and yet permits year round fun and enjoyment. He helps to direct and co-ordinate most of the social life on the campus.

Dr. Keathley is always willing to help a student, whatever his problem may be—guidance, counseling, or scholarship assistance. Understanding and sympathetic, this aptly describes Dr. Keathley, who received his Ed.D. from the University of Tennessee and has an excellent background with the State Department of Education. He has been at MTSC since 1951.

Mr. Robert Abernathy, Director of Field Services

DIRECTOR OF FIELD SERVICES

Robert Abernathy, always ready with a quick smile and a joke, charms high school students all over the state and encourages them to come to MTSC. His broad experience as an educator and his friendly extroversion make him a favorite good-will ambassador throughout the college. No matter what you want to do upon graduation Mr. Abernathy will always know of a position suitable for you, in your major field.

"And did you hear the one about . . ."

It's nice to be wanted!

DIRECTOR OF PUBLICATIONS

Director of student publications, member of the Tennessee Bar, experienced newspaper man, professor of business law and journalism, Sunday School teacher, contact man with high school seniors, these are occupations engaged in by Mr. Sloan, a man MTSC is dependent upon. If your name appeared in a home town publication this year, Mr. Sloan is probably the person responsible.

BURSAR

Mr. Jimmy Jackson, bursar, and Mr. T. B. Woodmore, assistant bursar, take care of the school finance, student fees, and paychecks. To be sure—the money is handled with care so that no financial errors occur in the functioning of MTSC. This is a crowded office in the fall during registration when students gather here to pay their fees.

Members of the college faculty and employees can be seen at the bursar's window at the end of every month. There's just nothing like a paycheck!

"Requisitions and money, what would this college do without me?"

Miss Sarah Moore, Miss Virginia Wilkinson, Miss Cathering Clark, Mrs. Ladye Brown, Miss Marion Byrd.

Library

The library, containing more than 65,000 volumes, is the center for research, reading, quiet thought and study. Here also a number of students find employment to help them finance their college career. Reading rooms and other facilities and equipment are provided for the convenience of the student.

Secretaries

The secretaries, who must combine patience, skill, and responsibility, keep the college in working order. They always manage to do the things students or faculty members demand.

REGIONAL LIBRARY

The regional library has its headquarters in the basement of the MTSC library. This division provides circulating bookmobiles to go to both urban and rural centers in Tennessee. This library serves an area of seven counties.

Miss Mary Jane Sain, Mrs. Taylor Harrison, R.N., Dr. William Shacklett.

POST OFFICE

There's nothing more in demand than a letter from someone special and Mr., Miss, or Mrs. MTSC can count on the mail coming in twice a day.

Miss Iree McElroy, the post-mistress, is largely responsible for the prompt delivery of our mail.

MAINTENANCE

MTSC can be proud of its reputation as having Tennessee's most beautiful campus, the domain of the school's maintenance crew. The men and women of the maintenance department work behind the scenes to contribute to the students' comfort. Their job is a constant, year-round one requiring much work. One of the main projects for this year involved the planting of shrubs over the entire campus. The responsibility they bear is no less than staggering when it is considered that they keep the campus free of litter, the lawns mowed, and the grounds landscaped.

DORMITORY MATRONS

Ask any housemother on campus about the joys of having anywhere from fifty to one hundred and fifty children. No doubt you will get a variety of answers! Then ask any student living in the dorm about his or her (whichever the case may be) housemother. One conclusion can be drawn from all the answers you may get—there's just no place like a dorm! It's just one big happy family supervised by the charming and efficient housemother. The girls have rigid hours to keep and the threat of a demerit is always there. Boys have no certain hours to keep, but there's always the housemother to insure their proper conduct.

Office of Dean
of Faculty

As you know, the FACULTY at our college is one of the best that can be found anywhere. A continuing effort is being made by our Administration to attract the best minds to our campus. Our graduates, and that will include some of you come May 26, are exceptionally well-trained and will compare favorably with those from other colleges and universities in the country. Former M. T. S. C. students can now be found in the classrooms of our elementary schools, high schools, and colleges. Many are successful administrators. Some are in the entertainment world. Others have chosen the field of business. And it may be said with pride that many of our homes are blessed with devoted housewives who once walked the halls of our Alma Mater. These some 6,000 alumni, we are sure, owe some debt of gratitude for whatever measure of success they have attained to these members of our faculty.

The next few pages will carry group shots of the FACULTY with an attendant activity scene from each department. The very attentive people you see in this picture are four members of the Education Faculty. They are Mr. Bob Abbott, Mr. Bill Wilson, Miss Mary Tom Berry, and Dr. Elmer Raper. Since our college is historically a teacher-training institution, we surmise that most of you have taken courses in this department. Then, based on your interests, you can specialize in subjects selected from the thirteen additional college departments.

The departments of Agriculture, Art, Business, Health and Physical Education, Home Economics, Industrial Arts, Languages, Mathematics, Military Science, Music, Biology, Chemistry, and Social Sciences really offer a wide variety of choices. It might be said that "there's something for everybody." Since the State Legislat in 1943 changed the name of the institution from Middle see State Teachers College to Middle Tenn tate C a significant change took place in c fferin

Producing Men to Feed Tomorrow's Nation

MTSC is very proud of its modern and well-equipped Agriculture Department. Under the guidance and leadership of Dr. T. C. Bigger, this department trains some of its majors for future teaching jobs, while others are prepared for successful farming careers.

The agriculture center consists of three buildings. In these buildings are located the classrooms, storerooms, offices, blacksmith shops, and a woodwork shop.

Giving a Heritage of Beauty through the Development of Those who Create Beauty

Work or pleasure?

The fine arts building, smelling faintly of turpentine, plaster, paint, and a touch of varnish, is the scene of much activity. Under the direction of Dr. Clarence Greever, the Art faculty introduces the student to studies in structure, proportion, balance, perception, and the materials and processes of art. The gallery is usually full of art objects, ranging from Japanese prints to a LeDoux collection. The cafeteria and lobby of the Student Union have been brighter through the year with paintings by our own art students.

Providing Pioneers for the Frontiers of Science

This year for the first time in the history of MTSC, the Biology Department is a separate and independent division. Up until this time it had been a subdivision under the general title of science department. Here frogs are subjected to the tortures of frustrated freshmen, leaf collections grow larger, and upperclassmen's minds are filled with facts from entomology and invertebrate zoology textbooks.

Filled with the Hum of Those Busy with Business

Training in the Business Department qualifies a graduate either to enter business teaching or the field of business. Our supply of business teachers has never equaled the demand for them.

This year Dr. E. W. Midgett, head of the department, finally talked his way into a new building. And new it is—with the best of modern furniture and equipment, and it's 100% air-conditioned. Perhaps this accounts for the large number of business majors. Nevertheless this new building houses 664 majors and minors. A special two-year course is offered for students desiring a business certificate.

How can you cheat?

Teach them well; they are the heart of our future.

Expanding Young Minds for Tomorrow's Great Ideas

The Campus School offers elementary education majors an opportunity to practice their skills on children of the area. Located just off the main campus, it is under the supervision of Mr. Hilary Parker. Art education students use the campus school for experimentation in a wide variety of materials and processes with children.

Birthplace of Tomorrow's Scientists

To the layman, the Chemistry Department is a strange sea of test tubes bubbling over with acids and bases. It is here that men and women are trained in the skills of a professional science dealing with the composition and properties of substances and their reactions. The head of this department is Dr. J. Eldred Wiser. Scientists are in great demand, and a science major may look forward to the possibility of seeing his name revolving around the earth on a satellite or of discovering a cure for the common cold. There is always something new to devise or explain.

Wise Men Dedicated to the Procreation of Wisdom

Dr. Wilmouth B. Bowdoin guides the Education Department, engaged in a vital function at MTSC—the training of teachers, both elementary and secondary. Students receive excellent instruction in all phases of teaching, so that they are well prepared to meet classroom situations. Actual experience is gained when students practice teach in either local high schools or at the campus school.

The department faculty consists of carefully chosen, experienced and well-trained instructors, who are always willing to give whatever assistance their students may need.

Dedicated to Building Tomorrow's Heroes on MTSC Playing Fields

Dr. Frances Riel supervises the Health and Physical Education Department that provides opportunities to develop the understandings, attitudes, skills, and practices which are essential to healthy living. This is accomplished through games, sports, gymnastics, and dance activities. A more than adequate program is provided for those who wish to make a career in the field of health and physical education.

Where No Mind is Idle Enough To Be the Devil's Workshop

The Industrial Arts Department, headed by Mr. Edwin D. Voorhies, offers students skilled with their hands and in the mechanics of machinery a chance to major in one of modern America's most gratifying fields. Industrial Arts students have the opportunity, through study of industrial technique and through practice, to understand the rapid progress of technology.

The division of aviation, now part of the industrial arts department, offers special courses and instruction to students wanting to learn to fly. Meteorology, air navigation, civil air regulation, and flight theory are among the courses offered by Mr. Miller Lanier and Dr. Bealer Smotherman.

Deep Concentration

The Language Arts Department of MTSC consists of four divisions: English, foreign languages, speech, and library service.

Dr. Richard C. Peck is head of the language arts department. He and the staff of the English division give guidance leading to proficient and accurate use of our language.

Drama, in the classroom and on the stage, is under the direction of Mrs. Dorethe Tucker.

Mr. Lane Boutwell and Mr. Clifton Trimble provide training in speech, providing through forensic activities practical situations for the application of the student's knowledge and ability.

The division of foreign languages is staffed by Miss Elizabeth Schardt and Mrs. Ortrun Gilbert. Under their guidance language students have opportunity to attain a mastery of French, Spanish, and German.

Subjecting Numbers to the Service of Man

The Math Department, under the supervision of Dr. Harris Dark, promises interested students a career filled with excitement and possible fame in this age of Sputniks and intercontinental ballistic missiles. The department gives basic mathematical training for pre-engineering students and for future teachers. A sound background in mathematics is a must for a successful future in almost any field. The department has extended its curriculum to the graduate level and has enlarged its staff considerably in the last year.

Speaking with the Language Known to all Men Everywhere

There is a steadily increasing need for people interested in the field of music. The ten-member music staff, led by Mr. Neil H. Wright, offers a program designed to meet the needs and interests of students desiring adequate competencies in voice, band, orchestra, and individual instruments.

Among the many projects of the Music Department are the opera, band and chorus tours, and special concerts. "The Mikado" by Gilbert and Sullivan was produced jointly by the Music and Drama departments early in February. It was one of the school's most successful programs.

Dedicated to the Proposition That the Proper Study of Man is Man

Well-trained social scientists are in great demand and this department, directed by Dr. Norman Parks, is equipped to prepare its students to find a career of service to society. The department may draw on more than 20,000 volumes in the library, the extensive resources of the state capital, and also the whole community life, which is open to case study and to contemporary methods of research. Basic courses in the main fields of economics, geography, history, political science, and sociology are open to the college student.

SUPERLATIVES CONTEST

BALLOT

(Vote X For One)

The FEATURES in our yearbook represent those students who have been judged by students, faculty, and alumni as being unusually outstanding during the 1960-61 year. Perhaps brains and beauty are the principal considerations. In the case of the outstanding alumni, whom you will see in this section, the choices were made by graduates of Middle Tennessee State College. During the years ahead some of your pictures may find their way back to these pages. This will not only indicate your high status but will also add lustre to your Alma Mater.

Really, we are sorry that more people could not be represented. Where there are winners, there must be losers. But losing provides incentive, and our country owes much of its strength to the bridesmaids rather than to the brides. Probably some of those who are in the pages ahead were once bridesmaids. My! aren't we getting philosophic?

Now those standing people, who are happily entranced by these A. S. B. efforts, are representative of our institution. There is that rare admixture of beauty and brains. Of course we will demur on the "beauty" application to Jackie Cook, the "Who's Whoer" and the only male in the quartet. Rather, we think he would prefer just "brains" since males are queezy about the former. There are: Virginia Miller who leads the battalion across the drill field each Tuesday; Sonia Willis, Homecoming Queen Attendant; and Gail Beasley, a real looker, who cajoles the crowds at Jones Field and Memorial Gymnasium.

Last fall, Betty Caudill was selected as Homecoming
Queen. Betty donned her queen's regalia in l her

MR. PRESTON VAUGHAN OVERALL

Preston Vaughan Overall, better known as "Putty" in athletic circles, and "Little Eva" during his Normal days, graduated from Middle Tennessee State Normal under the three year plan in 1921. He attended Vanderbilt University, and Peabody College and thereafter did graduate work at Iowa State College, receiving the M.S. degree.

Mr. Overall is a member of numerous professional associations and has served in many and varying capacities. The latest honor to Mr. Overall is his recent nomination to the National Football Hall of Fame. While a student at Middle Tennessee State Normal he played six years with the Normal football team, which had both high school and college students as players. He says the teams played mostly prep schools, junior colleges, and small senior colleges.

At present Mr. Overall is serving as Chairman of the Department of Health and Physical Education at Tennessee Polytechnic Institute in Cookeville. The fine facilities of his department at Tennessee Tech are a tribute to his leadership and abilities.

DR. CLIFFORD N. STARK

Outstanding as a former Head of the department of Agriculture and manager of the college farm at MTSC, Dr. Clifford Stark has won acclaim in his field and in the minds of the college alumni.

Dr. Stark received his B.S. degree from Middle Tennessee State Normal School in June, 1920, and his M.A. degree from Peabody College in 1924. He entered Cornell University and remained as a graduate student and member of the faculty for 27 years. He received his Doctor of Philosophy from Cornell in 1927.

During 1957–59 he and Mrs. Stark spent two years in Madras, India. There he was Professor and Head of the Department of Dairy Science in the Madras Veterinary College. During his tenure in India, he was on the staff of the University of Tennessee, assigned to Madras as Dairy Production Adviser, and Professor in the Graduate School of Madras University. For the past two years he has been back on the staff at MTSC.

MR. RANDY WOOD

Randy Wood, described as "the nicest man in the business," was born March 30, 1917, the son of a retired school teacher and former member of the Tennessee State Legislature, C. L. Wood and Irene Wood. He received his early schooling in Tennessee and graduated from MTSC in 1941. He formed Dot Records in 1950. He used the name of Dot, because as he says, "I wanted a name that would be short—easy for the public to remember". Dot's first release sold 10,000 copies.

Randy lives in Beverly Hills with his wife, Lois Henry, an alumna of MTSC ('41), and three children, Lindey, Larry, and John. The Wood family regularly attends church at Hollywood Methodist Church, where Randy is a member of the board and is a Sunday School teacher.

MIDDLE TENNESSEE STATE COLLEGE

SCHEDULE OF CLASSES

SPRING SEMESTER, 1961

The handsome young men whom you see are presidents of the four CLASSES at Middle Tennessee State College. The president wearing the very conservative sports coat is Johnny Bentley of the Senior Class. Next is Ernest Bugg, Junior Class. The other two are Billy Escue, sophomore, and Dennie Welsh, freshman. Our Senior Class this year is somewhat smaller than usual. This may have happened because several of last year's juniors were discouraged from enrolling in the Fall because of their academic deficiencies. As a result this Senior Class may well be the "cream of the crop" or at least near the top of the can.

Sophomores and juniors held their own. Now the real explosion came with the freshmen. This year, some thirteen hundred eager erstwhile high school seniors converged on the campus thereby taxing instructional personnel and dormitory facilities. Many additional potential students turned away because domiciliary accommodations could not be found. Many of the people in Murfreesboro provided rooms for the overflow. More and more students have hit the high road and are commuting each day. Now we have had some casualties among the members of our youngest class. Academic difficulties felled some; disinterest caused others to drift away; Dan Cupid slew a few. Yet it stands to reason that if incoming groups equal or surpass the 1960-61 deluge, Middle Tennessee State College will soon be out of the small college class.

A between class (or during class) snack.

Like get with it—Dig those crazy voodoos!

Not behind the eight ball yet!

Do you know how to "hoss?"

You're not "slipping" Molly!

No goofing off in the percussion section!

There's nothing like the library for rest and study.

SNAPSHOTS AT STUNT NIGHT

But when will it happen

Will it hurt Doctor?

The howling wolves

Caught in the act

Once again, with feeling

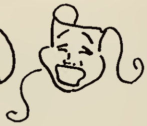
CALL BOARD



The frosting on the academic cake in our college, as you can guess, is found delightfully thick in the form of our ORGANIZATIONS. One of our organizations is implied in the heading of this portion of the letter to you. "Call Board" is the clarion call for rehearsals or other activities engaged in by the Buchanan Players. And by the way, you will want to remember the stellar performances by this group in "Lo and Behold" and "The Mikado." Certainly these two were dramatic milestones during this 1960-61 year.

A quick survey of organizations active or just breathing on the campus revealed that over forty-five groups meet and engage in a wide variety of activities. Some of you hold one or more memberships. We believe that you will agree that not enough people are affiliated with organized campus activities. We found that only about thirty-nine per cent of our students claimed kinship with a group. Well, that is another story and we don't intend to open a crusade at this late date.

The three students who are observing the composition efforts of this portion of the letter to you are club presidents. The "I'm not too impressed" expression belongs to Ernest Burgess, Kappa Delta Pi, Holland Bratten, Tau Omicron, and Lois Patton, Women's Athletic Association, seem to have fallen into the spirit of the thing for which we are happy but not totally convinced.

Many of the clubs have been very active during this
past year. The Biology Club sponsors the annual Stunt Night
at which time "Miss Midlander" is chosen. The Veterans'
Club initiated the "Talent Night" several years ago. Kappa
Delta Pi, honorary educatio ization, recognized the
scholarship freshmen in a program in the Spring.
The new Booster Club's ma ive is to stimulate
school spirit. The Aquat roduces standing
water show each year. Bloc ridle i p

ORGANIZATIONS

STUDENT CHRISTIAN UNION

The Student Christian Union promotes a greater unity among Christian students on campus and encourages their growth and development through worship and fellowship. Their activities for this year included S.C.U. Vespers, noonday devotions, and a retreat. The S.C.U. also took an active part in Religious Emphasis Week during the first part of March.

The capable leaders for the 60–61 year were Alvin Scott, president; Jerry Roper, vice-president; Shirley Wallace, secretary; Quinnie Harper, program chairman; Linda Davis, pianist; Joyce Sherrill, publicity chairman; and Nolan Barham, song leader.

Student Christian Union Tea

BAPTIST STUDENT UNION

The chief purpose of the Baptist Student Union is a connecting link between church and college life. The Union tries to correlate a program of enlistment, social activities, and devotional growth through the living spirit of Christ. The group meets weekly on Wednesday evening to provide inspirational programs for its members.

CHURCH OF CHRIST GROUP

One of the largest organizations on campus is composed of members of the Church of Christ group. This organization provides an opportunity for the young people to participate in campus religious activities and weekly study and worship. *The Campus Christian*, published by members of this group, has a circulation of about 600.

The North Boulevard Church of Christ, located directly across from the campus, has done much to encourage the group by providing speakers and socials throughout the year. Officers for this year were James Preston, president; Larry Scott, vice-president; Janice Bullion, secretary. Sponsor for the group is Dr. Exum Watts.

CUMBERLAND PRESBYTERIAN

The Cumberland Presbyterian Youth Fellowship started the year with a get-acquainted supper where they planned to learn still more about the church and its importance and purpose in a student's life.

The group is sponsored by Dr. Robert Corlew and Mr. and Mrs. John D. Todd. Officers for the year were Faye Burton, president; Nina Hibdon, vice-president; Sharon Turner, secretary; and Myra Moseley, treasurer.

NEWMAN CLUB

The MTSC Newman Club served as host to the state Newman Club convention which was enthusiastically attended by colleges and universities throughout the state. Its members are welded into one unit through the fellowship of spiritual, intellectual and social interest. Father Thoni, pastor of St. Rose of Lima Church, is the club sponsor.

WESLEY FOUNDATION

The Wesley Foundation was founded to provide a Methodist Church subsidiary on campus to administer to the spiritual needs of the Methodist student. *Confere*, the Wesley newspaper, edited by Linda Cantrell keeps Methodist students informed as to past and future activities. This year the group obtained a new house in which to hold its meetings, provide Bible studies, choir practice, and fellowship programs.

The officers, under the guidance of Dr. Bealer Smotherman, are Dick Swain, president; Holland Bratten, vice president; Don Casey, treasurer; Marie Sharp, secretary; James Gentry, publicity director; and Virginia Geer, fellowship chairman.

WESTMINSTER FELLOWSHIP

"Worship Plus Fellowship Are Found in the W. F." This is the motto of the Westminster Fellowship. This group was formed to give the Presbyterian students on the campus a chance for spiritual growth as well as fellowship. These students meet together to strengthen their Christianity, and though the group is small, it is one of the many connecting links between the student and his Church.

ART CLUB

The Art Club was originated to create group activity for those interested in art. The group has painting sessions and studies the various medium used in art display. Special projects worked on by the club this year have included art displays in the cafeteria, student union, and administration building. They also made silk screen posters for *The Mikado.*

EPSILON PI TAU

Epsilon Pi Tau, the national honorary professional fraternity in industrial arts and industrial-vocational education, is led this year by president John Ishler. Epsilon Pi Tau has for its goal promotion of better fellowship and understanding in the field of industrial education.

KAPPA DELTA PI

Kappa Delta Pi is open by invitation to those students who choose education as a profession. To qualify, each member must show a superiority in academic achievement and must be in the upper-percentile of students. The educational bulletin boards in the basement of the Administration Building are largely the responsibility of this organization. The activities of the MTSC chapter, Theta Omicron, include initiation banquets, special programs for the freshmen scholarship group, and award certificates to those on the Dean's list.

Seated: Mrs. Lois DeGeorge, Rose Cripps, Patsy Morton, Barbara Payne, Rosalind Orvin, Sylvia Williams, Sharon Brooks, Linda Fay Cantrell. Standing: Thomas Park, Cathryn Sanders, Carolyn Cummings, Carolyn Cox, Gail Gentry, Holland Bratten, Betty Willard, Ernest Burgess.

KAPPA OMICRON PHI

Sometimes called MTSC's Home Economical Engineers are the girls of KOP. Organized since 1956, these home economics majors aim to develop women with higher ideals of sane living, with deeper appreciation of the sanctity of the American Home, with broader social and higher intellectual and cultural attainments. Their motto is "Prove all things; hold fast to that which is true, and the truth will make you free."

PI GAMMA MU

"Ye shall know the truth and the truth shall make you free." This is the motto of the social science honor fraternity, Pi Gamma Mu. The seven ideals of Pi Gamma Mu exemplify this motto: scholarship, science, social service, and sacrifice. New members are initiated each semester, and a banquet featuring a prominent guest speaker was held on April 28. Membership is by invitation and is based on character and leadership in addition to scholastic record.

Row 1—Ransom Clark, Treasurer; Jay Hickey, Vice President; Jerry Williams, President; Carolyn Cummings, Secretary. Row 2—Dr. Norman Parks, Sponsor; Dr. W. T. Windham, Co-Sponsor; Dr. Lillian Gray, Dr. Robert Martin, Dr. Robert Corlew, Page Chamberland, Jim Duraham, Dr. Roscoe Strickland.

PI KAPPA DELTA

This nationally recognized club travels far and wide each year, refusing to rest on past laurels, winning new victories. Second in the state (Vanderbilt holds first place), Pi Kappa Delta, Zeta Chapter, encourages a promotion of forensics and an improvement of speaking ability. The MTSC debaters have taken more than their share of honors at the various speech and debate tournaments in Tennessee, Mississippi, Kentucky, Alabama, North Carolina, and Oklahoma.

PI MU SIGMA

To promote a high degree of efficiency in musicianship is the goal of the Alpha Chapter of Pi Mu Sigma. Furthermore, it hopes to attract more and better music students to the MTSC music department. Many of the members in this fraternity are asked to make appearances at various musical programs throughout the year.

Row 1—Glenn Arnold, Jr., President; Mrs. Margaret Wright, Sponsor; Ann Wiedrich Maggart, Secretary; Marie Harris, Treasurer; Nolan Barham, Vice President. **Row 2**—Neil Wright, Horace Beasley, Joe Smith, Phillip Howard, Jerry Dooley, Ben McClure, Sergeant-at-Arms.

Row 2—Richard Purnell, Richard Dodson, Helen Harris, John Clifford, Tom Mason, Mrs. Wade, Mr. Midgett, Carol LeCroy, Bill Davis, Mr. Todd, Jim Dillon, Mr. Chatman, Mr. Sharpe, Janie Smith, Mr. Puckett.

PI OMEGA PI

Having been in existence since 1954, Pi Omega Pi is composed of those who have attained certain requirements in the field of business. To be eligible for initiation into Pi Omega Pi a student must maintain a "B" average in business subjects and hold an average of "C" in other studies.

SIGMA CLUB

The Sigma Club during its thirty-three years on campus has come to symbolize the ultimate honor that an MTSC man can earn. The organization is composed of men who strive to bring about the ascendancy of the intellectual and spiritual things of the world rather than the physical and material. These men have excelled in scholastic ability, leadership and character.

Front Row—Jackie Cook, Dean James, Ransom Clark, W. J. Hickey, Bob McGee, Dr. Parchment, Richard Dotson. Row 2—James Durham, Jim Dillon, Graden Kirksey, Paul Dailey, Melvin Adams, Joe Sullivan, Harold T. Sansing, Nolan Barham, John Anderson.

Row 3 Pat Turner, Jerry Williams, Sylvia Williams, Miss Buleah Davis, sponsor.

Not pictured Miss Elizabeth Schardt, sponsor and Betty Willard.

TAU OMICRON

Membership in Tau Omicron is a highly coveted honor for any junior or senior woman on campus. The qualifications are exceptionally high and only women meeting these standards are asked to become a member. Each member is expected to promote scholarship and to uphold the standards and ideals of this institution. Tau Omicron also maintains a scholarship fund for a student in his junior or senior year. All of the TO activities are to carry out the TO motto: "To build rather than destroy."

ASB PRESIDENT

STANLEY ROGERS

An aspiring young lawyer can find no better beginning for his career than winning a campus election. Stanley Rogers, ASB president, quickly found this to be true when he was elected to head the student body. Stanley hails from Manchester, Tennessee, and plans to enter law school at Vanderbilt University. He has been quite busy working on a double major in political science and economics.

The general consensus of the student body is that Stanley has been the perfect representative for each student.

ASB VICE-PRESIDENT

THELMA HOLMAN

Vice President of the A.S.B. is Thelma Holman. Thelma has done an outstanding job in her work as "veep" this year. Thelma presides at meetings of Congress which is the governing body of MTSC. Besides being a member of the social committee, we see her working hard at Fun Nights which have been supported by a combo almost every time. Thelma is from Sparta, Tennessee, and is majoring in business education. Her minor is English and education.

SUPREME COURT—Charles Harrell, Jerry Puckett, John Dillon, Graden Kirksey, Jack Dugger.

ASSOCIATED STUDENT BODY

The Associated Student Body has the task of correlating the ideas of the student body and the administration. Made up of ASB president, vice-president, secretary, treasurer, attorney-general, and the supreme court, the ASB sponsors the freshman mixer, "T" cap sales, fun night, homecoming, the March of Dimes Benefit dance and many other campus activities. The supreme court works with congress and decides the constitutionality of laws brought up before them. As a whole, the ASB endeavors to interpret the students side of the problems on campus.

AQUATIC CLUB

Any Aquatic Club member will tell you that he spends Wednesday nights in the water. But it isn't by any means all play and no work. Under the direction of Mrs. Betty Littlefield, the Aquatic Club works long and hard hours to present a most unusual and spectacular water show. The theme is kept secret until show time.

The members work to illustrate the beauty in swimming, to acquaint themselves with the field of swimming, and to promote water safety.

BIOLOGY CLUB

The Biology Club is a group of well qualified students who concentrate their efforts on projects in the field of biology. The chief goal of the club is to stimulate interest in scientific affairs.

Stunt Night, sponsored by this club, is one of the outstanding events of the Spring semester. Stunts are presented by the different clubs, groups, and dormitories on campus.

BLOCK AND BRIDLE

The Block and Bridle Club has made a very favorable impression on the campus, even though it is still listed as one of the younger clubs at MTSC. The club provides guidance and assistance for agriculture majors. The club presents programs to turn out better informed graduates. Recognizing the value of extra-curricular activity, the Block and Bridle Club sponsors a dance each year.

BOOSTER CLUB

Organized this year, the Booster Club has aroused the spirits of the Raiders at home and away. Any student can be a member by purchasing a membership card. This card entitles him to a special 50-yard line seat during football season.

Other activities the club sponsored were a train to the U.C. football game and an organized motorcade to Western Kentucky.

The "Meet the Varsity" assembly programs during football and basketball seasons were promoted by the Booster Club.

BUCHANAN PLAYERS

Make-up, lighting, staging—it's all a part of the Tuesday night drama club meetings. To heighten the quality of dramatics on campus the club exposes its members to work on numerous productions throughout the year.

Three of the major productions this year were *Lo and Behold*, *Macbeth*, the club's first circle production, and *Guest in the House*. Each production was under the direction of the club sponsor, Mrs. Dorethe Tucker.

CHEMICAL ASSOCIATION

What does one part iron to two parts chloride equal? This could be answered quite easily by any member of the chemical association. This club stimulates an intellectual understanding in chemistry and presents related scientific programs to the members throughout the year. It consistently seeks to understand the physical and organic material in our universe through projects and speeches by authorities.

MTSC CHORUS

The MTSC chorus gives the better music students an opportunity to sing the best in choral literature. Through tours and concerts it is also a means of recruiting new students from outlying areas. Two fall tours, a spring concert, and the baccalaureate service are included in the chorus agenda for the year.

CIRCLE K

One of the highest honors that a male student can be awarded on the MTSC campus is membership to Circle K. Organized in December, 1954, Circle K has made rapid progress on the MTSC campus through living up to its motto "We Build." They are sponsored by the local Kiwanis Club, and offer the same services to MTSC as do the Kiwanians to the town.

The purpose of this club is to emphasize the advantages of the American way of life; to provide an opportunity of leadership in service; to serve on the campus and in the community; to encourage participation in group activities; to promote good fellowship and high scholarship; and to afford useful training in social graces and personality development.

CHAMBER WIND ENSEMBLES

Left to right: Roddy Byrne, Marie Harris, Ann Pearson, Ben McClure.

Seated: Jimmy Bell, Don McLain, Jimmy Harris. Standing: Joe Clupper, Nolan Barham.

Ensembles are active in local programs on and off the campus. Ensembles tour each year to high schools of the area to present concerts and conduct clinics.

Left to right: Mr. Kenneth Pace, Pat Porterfield, Roddy Byrne.

The purpose of small ensembles is to develop musicianship and to understand the historical styles of chamber music literature for wind instruments. Wind ensembles at MTSC are taught by Mr. Kenneth L. Pace.

SACRED HARP SINGERS

The Middle Tennessee State College Sacred Harp Singers were organized in Murfreesboro during the summer of 1947, and this year includes twelve singers. The MTSC Sacred Harp Singers sing a cappella, seated around a table in Sixteenth Century madrigal style. Their repertoire consists of early English and Italian madrigals, Sacred Harp Hymns and White Spirituals, and Southern Folk Songs and Ballads.

The MTSC Sacred Harp Singers have toured Tennessee each Spring for the past fifteen years. They have been the guests artists on a number of occasions at the War Memorial Building in Nashville for the annual meeting of the Tennessee Educators' Association. They have twice appeared as guest artists in Georgia for the Annual Convention of the Sacred Harp Association.

The group is well known throughout the Southern States for its numerous broadcast programs and concert appearances.

Seated: Mrs. Margaret Wright, Linda Johnson, Julia Hollis, Barbara Scott, Ann Wiedrich. Standing: Steve Parks, Glenn Arnold, Joe Mills, Bob Hollingsworth, Nolan Barham, Jerry Dooley.

Row 1: Sharon Turner, Faye Burton, Sara Jane Warmbrod, Elaine Woodward, Stella Gillespie, Jean Henderson, Marie Rae, Gayle Scott, Faye DeLay, Meredith Sheffeld, Virginia Warner, Pat Wings, Elizabeth Moss. Row 2: Elizabeth Huff, Linda Marable, Mary Neely Whiteside, Carolyn Callis, Janice Speed, Barbara Tucker, Janice Bullion, Margaret Smith, Ellen Elias, Gail Owensby, Paula Moore, Melba Messer, Julia Stenson, Sarah Halliburton, Gladys Rowlett, Jo Ann Lynn.

HOME ECONOMICS CLUB

Girls, girls, homemakers, housekeepers, home economists, all enjoy the opportunities and social contact brought about by the Home Economics Club. Members of this group are provided with opportunities for working with the faculty and students of MTSC. They gain interests by meeting and knowing people who are successfully practicing the profession of home economics.

Highlighting the year's events are a Spring Round-Up, a Spaghetti Supper, a Christmas Party, a fashion show and participation in the homecoming parade, for which they were the proud recipients of third prize for their float.

Row 1: Pat Holden, Patricia O'Brien, Sharon Dockery, Judy McKaig, Evelyn Eidson, Jo Helen Patrick, Judy McGinnis, Sharron Hair, Martha Allen, Shirley Humphrey, Diana Fite, Katherina Cubbins, Linda Ogles, Carolyn Gwaltney, Ann Yates. Row 3: Miss Helen Stevens, Mrs. Lucille Estes, Miss Margaret Putman, Miss Mary Carr Haynie, Mrs. Lyndall McMillan.

INDUSTRIAL ARTS CLUB

The Industrial Arts Club is one of the largest and most active clubs on campus. Each year members of this club leave the campus trained to enter either the industrial field or industrial arts. Programs are planned to furnish information that will be beneficial to industrial arts majors during their tenure in college and after they have entered the industrial world.

The Industrial Arts Club strives to stimulate interest and advancement in the field of industrial arts. The organization has held gala social events and outings during the year.

Row 1 Rufus Lyle, Donald Lynch, Billy Reed Smith, Vice-President; Donell Patton, Secretary; Claude Hopkins, Sergeant-at-Arms; Faye Jennings, Thomas S. MUSIC EDUCATORS NATIONAL CONFERENCE

The Music Educators National Conference provides an excellent program for future teachers of music through experience and personal appearances. This year the members of the MTSC chapter attended the Southern Regional MENC Convention in Asheville, North Carolina.

PRE-LAW SOCIETY

The Perry Masons of the future learn, through visits to court and guest speakers, the processes of law and how they can best present a case. They are preparing themselves for law school and its strenuous requirements. Law students try to keep informed of the latest methods of practicing law and the art of persuasion.

SIDELINES

The SIDELINES embraces the two-fold purpose of campus coverage and a source of experience for future journalists who are given opportunities to apply their talents in a practical way to the field of small paper publications. The SIDELINES now in its thirty-seventh year of operation has been improved even more by experienced staff members, and continues to take top honors by winning six first class honor ratings by the Associated Collegiate Press.

These students spend many a sunny afternoon, sacrifice cokes in the coffee shop, and work long hours in order to put out a paper every two weeks. Their goal is to have the very latest news and to cover each college event thoroughly. The SIDELINES is supported by advertising and student activity fees. It incorporates current ideas, attitudes, actions, and achievements of both the student body and administration into a factual newspaper. Pat Turner accepted the editorship in 1958—since then the SIDELINES has grown better each time an issue comes off the press.

M. T. S. C. ORCHESTRA

The MTSC orchestra provides a cultural atmosphere at the college and acquaints players with orchestral literature. This year's activities included fall and spring concerts, Christmas and Thanksgiving programs, and assistance in the musical production, *The Mikado*. A good MTSC orchestra helps to advertise quality training experiences to the surrounding community.

Officers for the year were Ruth Ann Ford, president; Roderick Byrne, vice-president; Wayne Butler, treasurer; Jane Pyle, librarian; Ann Pearson, reporter; and Linda Davis, accompanist.

SPEECH ARTS SOCIETY

Resolved: That the United States Should Adopt a Program of Compulsory Health Insurance for All Citizens.

This was the national debate topic for the Speech Arts Society this year. This active group provides training for its members in public speaking, debating, oratory and extemporaneous, after-dinner, and impromptu speaking.

STUDENT GUILD OF ORGANISTS

This Guild advances an increase in the appreciation of church organists, of their responsibilities, duties and opportunities as conductors of worship. Christmas music on campus is usually supplied by the students from this organization. In addition to this they sponsor films and concerts for the faculty and student body.

Standing: Eleanor Bolton, Ann Maggart, Levina Auberry, Betty Hughey, Jimmy Young, Shirley Wallace, Carolyn Gilley, Sarah Jones, Mrs. Wright. Seated: Linda Davis, Glenn Arnold.

"T" CLUB

The only athletic letter allowed to be worn on the MTSC campus is the big white "T," seen constantly on the blue jackets of T club members. The members are composed of any male who has lettered in football, basketball, baseball, golf, track, or tennis at MTSC.

These athletes promote interest among students and alumni in college athletics and encourage a more wholesome college spirit. T club members sell concessions at football games and during basketball season—basketball programs.

In the spring the annual T club picnic is held at Cedars of Lebanon State Park.

HEALTH AND PHYSICAL EDUCATION CLUB

All physical education majors are members of the Health, Physical Education and Recreation Club through participation in club meetings and activities. Physical Education minors are also eligible for membership. It strives to promote the profession in both knowledge and skills as well as to improve school spirit.

The "P.E." club sponsors several enjoyable events for the benefit of the students during the year. In addition to a Hobo Dance and a Beatnik Dance, a "Dance Around the World" program is presented featuring foreign dances. These dances are held to raise money to send student representatives to the Southern and National Convention of the H.P.E.R. The group is led by Dr. Frances Reil, sponsor.

Dickenson.

STUDENT NATIONAL EDUCATION ASSOCIATION

One of the busiest clubs on the campus the year round is the Student National Education Association. Interesting and informative meetings are held each month. Choice speakers, educational movies, a panel of MTSC alumni, and other worthwhile programs were featured during the year. There are many purposes of the club other than bringing closer ties among the future teachers of tomorrow.

Taylor Harrison, Sergeant-at-Arms; Joe Haltom, Secretary; Bill Todd, Vice Commander; Charles Harrell, Commander; Harry McBride, Treasurer; Mr. Walter Chatman, Sponsor.

VETERANS CLUB

It is not surprising that the Veterans Club is one of the most influential clubs on campus. There is always a keen interest taken in the promotion of projects undertaken by the Veterans Club. The primary objective of the club is to aid ex-service men and is open to membership for any veteran.

The Veterans Club is composed of former members of the various armed services. The club wholeheartedly and diligently worked this year for charitable events and were instrumental in promoting many activities at MTSC.

Davis, Linda Barnum, Johanna Kemper, Marcia Manley, Eleanor Bolton, Barbara Williams, James Bell, Steve Parks, David Gammons.

VARSITY CHOIR

The MTSC Varsity Choir is an organization which has two primary functions: to present an opera during the first semester and to present an oratorio in the spring. A select group of about thirty voices is chosen from the MTSC Chorus, therefore making this choir one of top vocal quality. This year the Varsity Choir presented *The Mikado*, an opera by Gilbert and Sullivan.

WOMENS ATHLETIC ASSOCIATION

To get a little fun out of life and recreation might well be the motto for these energetic girls. Volleyball, basketball, speedball, badminton, hiking and swimming are the order of the day for all girls who are interested in sports. The W.A.A. provides an enjoyable intramural program for MTSC co-eds to develop a desirable use of their leisure time. Its aim is to provide fun, enjoyment, and leadership opportunities and to further develop good sportsmanship.

Row 1—Emily Lee, Lois Patton, Dot Heitt, Betty Webster, Bonnie Stacey, Joyce Clouse, Louise Sullivan, Opal Evans. MIDLANDER

Clanking typewriters, clanging telephones, coke bottles, deadlines—these are only a few of the wounds, signs, and objects that become involved in the production of the 1961 MIDLANDER. When students began to pour onto the MTSC campus, production work on the MIDLANDER had already been started. A theme had been selected and sample lay-outs had been finished. The complete staff was chosen as the fall semester got underway. Before the editorial staff could begin work on the copy, the business manager had to solicit ads and place them in the proper places in the layout.

Index Staff—Linda Lambert, Linda Anderson, Carol King, Index Editor.

Many long hours were spent writing and rewriting copy, editing pictures, going to see the publisher, and wasting time trying to explain to a campus organization that it was too late to order a picture in the annual. Classes were missed, homework went undone, and those coffee shop hours were cut out almost entirely.

The MIDLANDER represents one of the largest projects which is undertaken by a student group. Editing the 1961 MIDLANDER was Sylvia Williams, with Nolan Barham assisting. The staff consisted of associate editors of copy, features, classes, sports, index, their respective workers, and members of the typing staff.

Our goal has been to present a representative picture of Middle Tennessee State College—its friendliness, its students, faculty, tradition, and progress. We hope that you will find the 1961 MIDLANDER a history for posterity and a book of pleasant memories for each of you.

DEPARTMENT OF MILITARY SCIENCE
MIDDLE TENNESSEE STATE COLLEGE
MURFREESBORO, TENNESSEE

You will remember our predicament in MILITARY SCIENCE this year when the great army of freshmen descended upon Forrest Hall. The supply of uniforms and all kinds of accoutrements were soon exhausted. For some time blue jeans or anything extra that was brought from home served as drill field regulation for many "eager" recruits. Now the old man for whom our headquarters was named had his own unique method of gathering necessary clothing and equipment for his Rebs. He simply waylaided the enemy that ten times out of ten was dressed in Blue and relieved him of his shooting irons and horse. Frequently there was an "amicable" exchange of clothing. The Yank usually received the better of the bargain for the clothes he now wore were almost certain to be inhabited, which circumstance provided him company and entertainment during the long, cold nights and the tedium of the march.

In contrast, our PMS simply placed an order, with the same ease and assurance of delivery as that of filling out the form in a mail order catalog, and before too long the freshmen began to look like soldiers--but beyond that the resemblance stopped. But time changes many things, and to-day, near the end of the college year, the freshmen no longer have two left feet. Nor are teeth now scattered from the slap of a rifle resulting from "right face" instead of "left face."

The battalion leaders to the rear are Homer Dickens, Ed Newton, and Bill Bush. They have merited the confidence of the Department of Military Science and Tactics and are destined to be excellent officer material. Those of you who may take a dim view of all things associated with the military should remember the two principal purposes underlying the inclusion of th rse of study i college curriculum. First, o ry was caught not too many years ago. Ther woeful lack ed personnel and much critical t consumed in m preparation. Our ROTC unit i much to dissi his situation.

ROTC DEPARTMENT

The MTSC Military Science Department serves in a dual function in its association with the male students on the campus. ROTC not only serves as a "credit" course, but it also helps prepare the individual for the fulfillment of his obligation as a citizen to the military defense of his country. Contained within the basic program of required participation for all freshmen and sophomores are subjects dealing with weapons instruction and marksmanship, military history, map reading, and small unit tactics. The Advanced Program, for qualified and selected students, is geared to equip the graduate with the knowledge and practical experience necessary for the assumption of duties as a Second Lieutenant in either the Army Reserve or the Regular Army. Staff functions, logistics, tactics, leadership principles, branch specialties, and methods of instruction are but of a few of the subjects covered in the Advanced Program.

Their Activities

TENNESSEE
SAM DAVIS
STATE COLLEGE

THE SAM DAVIS DRILL TEAM

There is considerable pride at MTSC in the fancy drill unit known as the Sam Davis Drill team. The show group of the Cadet Battle Group, the Sam Davis Drill Team is composed of volunteer freshman and sophomore cadets. In the past the drill team has performed in many local and national events to include the Cotton Carnival at Memphis, the Strawberry Festival at Humboldt, the Mardi Gras at New Orleans and the Tangerine Bowl at Orlando, Florida. This year the team led many local parades, including the Fire Prevention Parade and the Homecoming Parade. Also the team performed during pre-game ceremonies for the K Bowl and participated in the Centennial Parade at Winchester, Tennessee. To add to the high morale of this team and the growing prestige, new uniforms were purchased this year with the help of the cadet corps and the school. Spectators, who are impressed by the precision of the team, would understand its degree of perfection if they could only witness the frequent drilling around the campus. The well known "hup-two" of the commander's voice brings students and visitors to a halt as the team passes in practice.

Front Row—Walter Dosher, William H. Couch, Jr., Homer Q. Dickens, Jr., Ernest W. Stoddard, Bill Stephenson. **Back Row**—Rich Taylor, Denton Woodruff, Ronnie Guess, Jimmy Arnold, Lanny Alcorn.

"ROTC RIFLE TEAM"

The MTSC Small-Bore Rifle Team is composed of ROTC Cadets who devote their spare time practicing to compete in shoulder to shoulder, paper or national matches with other colleges or universities.

At the beginning of the year the ROTC Department had try-outs for the Rifle Team. Fofty-five cadets were out for the team. In the process of elimination, there are only thirteen members to represent MTSC.

The range facilities at MTSC are ten firing points. The distance for firing is fifty feet.

The team has traveled to compete in five shoulder-to-shoulder matches with such teams as: University of Chattanooga, T.P.I., Vanderbilt, Murray State College and Florence State College.

The Rilfe Team Captain is Homer Q. Dickens, whose home town is Murfreesboro, Tennessee.

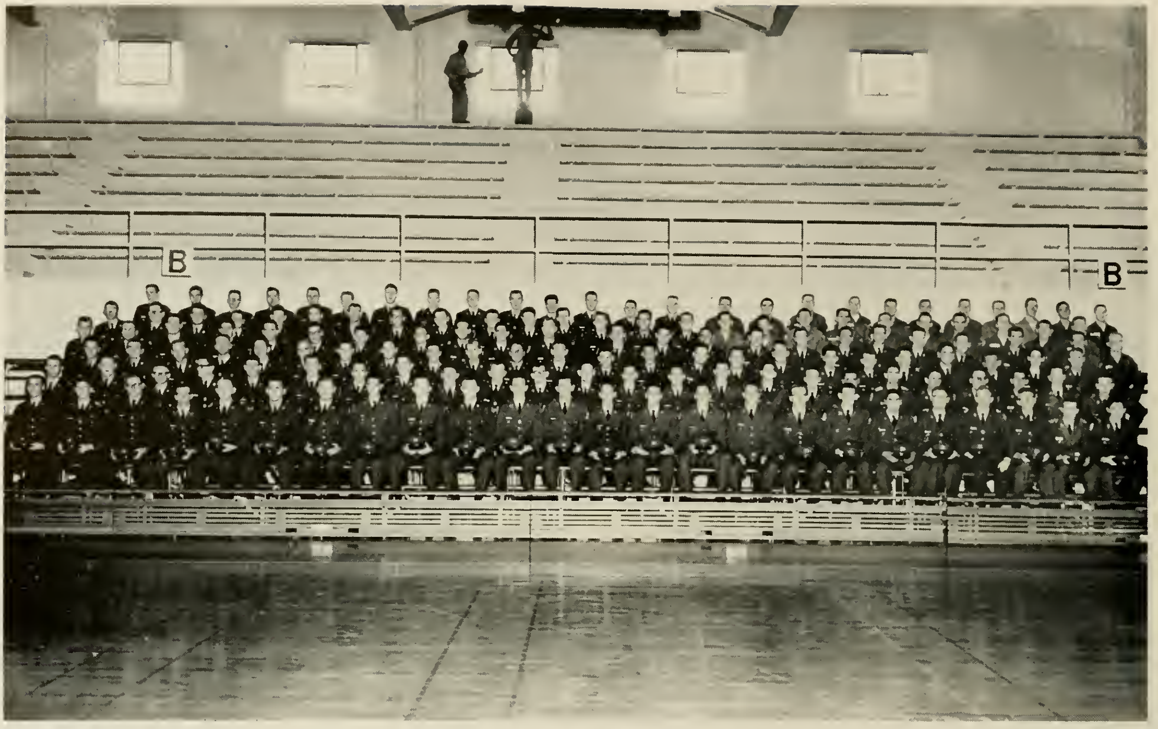
JUNIORS AND SENIORS

TRACK AND SABRE

The Track and Sabre Club was organized shortly after the ROTC Department was established at MTSC. The name Track and Saber is derived from the armor emblem of crossed sabers over a tank.

Since its organization, it has grown into the largest organization on the campus. The purpose of the club is to provide its members with social activities throughout the year. These activities are brought to a highpoint each year when the club produces the annual Military Ball, the social highlight of the campus. Each year an orchestra is picked from the outstanding bands of the land. In the past such bands as the Dorsey Brothers, Billy May, and Jonny Long have played. This year the Glen Miller Orchestra, under the direction of Ray McKinley, supplied the music for the 1961 spectacular.

Members of the Track and Saber Club are ROTC Cadets and the Club's officers are officers in the cadet corps.



FRESHMEN AND SOPHOMORES

TRACK AND SABRE

Each year the club's officers select a special theme to highlight the Military Ball. One year, when the first Sputnik had been fired into space, Uncle Sam's missile program was the theme. A real missile was brought here from Redstone Arsenal at Huntsville, Alabama, and was used as the "centerpiece" for the decorations in the gymnasium. Last year the theme was "Holiday in Paris" and sidewalk cafes lined both sides of the hall. This year, with the centennial of the Civil War being observed in the nation, the club selected a southern plantation as the setting for the ball. The facade of a southern mansion was erected on the stage and the band played from the "portico."

The Military Ball is not only the highlight of the year on the campus but it also gives to those cadets, who plan to continue their service in the forces of the United States, an opportunity to participate in social functions attendant to military life.

Through the activities of the Track and Saber Club, students at Middle Tennessee are afforded the opportunity of seeing and hearing the top musical organizations in the nation.

RAIDERETTE RIFLE TEAM

The Raiderettes, MTSC women's rifle team, has announced its tentative schedule for the spring semester. Most of the regularly scheduled meetings will be devoted to practice sessions to prepare the team for the competitive matches to be held in the future. The majority of these matches will be paper matches while one shoulder-to-shoulder match will be fired against the Raiders. Also scheduled for the future is a social function of some type.

To be selected as a Raiderette, a girl must participate in the training period held to qualify girls as members, and she must compete in firing competition with all interested candidates. Twenty girls compose the team which is under the direction of the R.O.T.C. department and the faculty representation of Capt. William G. Carter and S.F.C. Wallace K. Reed.

The Raiderettes extend to you an invitation to attend their matches and team practices which are held on Monday night from 5:00 until 7:00.

MIDDLE TENNESSEE STATE COLLEGE
Athletic Association
MURFREESBORO, TENNESSEE

When we think of ATHLETICS at Middle Tennessee State College, we are not aware that athletes are placed in some special category far from the pale of ordinary students and immune to the professor's red pencil. There is not an overemphasis of the athletic cult at our college. Athletes are given no special privileges but in fact sometimes find themselves at some disadvantage when classes are missed and assignments are not prepared because of trips. No one is more sensitive to good academic performance than are Coach Murphy and Coach Diddle. This is not to say that the athletic program is unappreciated. Rather we are convinced that our athletic program is a kind of dynamo that generates enthusiasm for many other campus activities.

In football we did not have a Tangerine Bowl contender, but the team gave a good account of itself despite great gaps left by departure last year of many stellar performers. In basketball we started like a house afire but the blaze was doused in a hurry. Later the smoldering embers again burst into flame and as the season came to its end, the firemen were standing happily by enjoying the roar and the heat.

The three students standing to the rear and who are associated with M. T. S. C. athletics are Joe Windham, football captain; Ralph Bryant, basketball; and Betty Caudill, cheerleader captain.

Coach Charles "Bubba" Murphy

FOOTBALL

As has always been true of Murfreesboro Blue Raider teams, the 1960 group was ably coached. Coach Charles "Bubba" Murphy finished his fourteenth year as head coach. He was efficiently backed up by Coach Jack Deere, who managed the ends and centers, and Coach Joe Black Hayes, who directed the guards and tackles, as well as Edd Cantrell, John Moore, Fred Seidfer, and Ray Purvis, all of whom worked as assistants. Thus it can certainly be stated that the Blue Raiders were superbly coached in 1960. With the conclusion of the 1960 season, Coach Murphy now has a record of 102–35–7, at MTSC.

While the record of five wins and five losses does not match the 1959 record of ten wins and one tie, the 1960 team must be given credit for its great spirit. The Blue Raiders of 1960 worked under many hardships. First of all, it must be mentioned that there was a loss of fourteen lettermen from the previous year. A loss of this type hurts any team. Star end Dean Fisher was lost to the team due to a severe knee injury sustained in the Austin Peay game. George Noe, Nicky Lynch, Wayne Winters, Butch Williams,

Phil Grammar, Danny Neal, Charles Rice, Tommy Bates. Fourth Row—Willie Faulk, Nicky Lynch, Bobby Gann, Clarence Law, Bill Settle, Frank Haliburton, Kenneth Ross, Charlie Anderson, Gerald Hayes, Jimmy Williams, Baxter Robinson.

Danny Neal, as well as others were intermittently out at times due to various injuries. This bad luck hurt the overall effort of the Raiders. Finally, there seemed to be some lack of experience due to the great loss of players from 1960.

To show the inexperience which hurt the Raiders was the fact that there were frequent changes in the backfield. The backfield that started the season was not the backfield which ended the season with some notable exceptions. However, this did give needed experience to several boys and should insure a competent backfield for subsequent seasons.

Of special note in the 1960 season were the flashy freshmen who played regular football. For the first time in Raider history there were four such freshmen. The Whaley twins Larry and Gary were outstanding in the caliber of their playing, which was consistently excellent. Jimbo Pearson, Jerry's brother, reminded many of past greats at Murfreesboro with his fine halfback play. Also, freshman, Bill White played a great deal of good tackle.

Mention should be made of the fact that hard-hitting and able Captain Joe Windham and star fullback, Larry Puryear were on the all O.V.C. team. This honor was certainly well-placed as Joe and Larry are two of the finest players ever to perform at MTSC.

Towards the end of the season the Raiders were beginning to show more experience and great improvement. This would certainly indicate that future teams here at MTSC will be most effective and hard to handle.

Coaching Staff—Charles M. Murphy, Joe Black Hayes, Jake Deere, Edd Cantrell, Ray Purvis, William Stokes.

Team Captains—Alternate Captain Nicky Lynch, Captain Joe Windham.

Quarterback Terry Bailey shakes loose from several Austin Peay defenders as he goes for a big gain.

CLARKSVILLE, TENNESSEE

In the opening game of the 1960 season, the Murfreesboro Blue Raiders were successful. It was a rather costly success, however, as star end Dean Fisher was sidelined for the season due to a severe leg injury. The latter proved to be a great loss. The versatile Fisher had been counted on heavily by Coach Murphy and most assuredly would have delivered, if his excellence in past performances are any indication.

The Raiders and Govs both proved effective in the line. By and large this game was a seesaw affair. Neither side was able to score until the last canto when Murfreesboro broke the ice. Halfback, Danny Neal scored for the Big Blue on a pitch-out play which covered eighteen yards. The extra-point try was not successful. However, it was not needed, as six points proved to be the margin of victory.

JACKSONVILLE, ALABAMA

Without question, the Blue Raiders made their poorest showing of the season against Jacksonville State College. However, it should be noted that this was the first victory Jacksonville ever scored against Murfreesboro after many years of combat. Also, this marked the last time for the Blue Raiders to play Jacksonville, as the two teams will not meet again.

Certainly the main reason for this poor showing against a team which has been considered a lesser contender was the fact that the Big Blue was racked and riddled by injuries. Star end Dean Fisher had been lost the previous week; also, co-captain Nicky Lynch was sidelined. Larry Puryear, always effective, played but was injured most of the game. Wayne Winters too, was out for the last quarter due to injury.

Jacksonville was able to keep the ball for most of the game, as the score indicates. Their line proved most effective as well as the backfield. Although the Raiders made several good drives, they could not score.

BOWLING GREEN

The Blue Raiders of M.T.S.C. took a hard defeat at the hands of Western Kentucky at Bowling Green. The game was characterized by M.T.S.C. continually pushing for yardage and working for the inevitable touchdown which always seemed to follow this tedious work. However, this technique proved to be of no avail as the final score rudely indicated.

The Raiders shined in the first quarter. Quarterback Terry Bailey with some expert passing and the able assistance of fullback Larry Puryear and halfback Jim Nabors maneuvered the team down to the scoring line. Bailey scored, and end Nicky Lynch kicked the extra point.

The second quarter found the Raiders unable to score even though they gained several first downs.

The team came thundering back in the third quarter on the fine running of halfback Danny Neal.

Even with some very gallant attempts to gain points, the team was held scoreless in the fourth quarter. Western came on to score two touchdowns and an extra point to win the game 20-13.

MURFREESBORO

To the delight of M.T.S.C. fans the Blue Raiders showed great improvement over the preceding week's game to defeat Eastern Kentucky at Jones Field. Although the Kentucky outfit put together two successful scoring efforts, they were stalled the rest of the time due to the Raiders dauntless line.

The Big Blue backfield again was effective. Fleet halfback Danny Neal made several long gains, as well as an outstanding long punt return. Terry Bailey completed a number of adeptly executed passes including one for a touchdown to Jerry Stapleton in the first quarter, as well as the long point after touchdown. This was again to flashy end Stapleton. M.T.S.C.'s other touchdown came in the third quarter as Larry Whaley made a great run. Larry's twin brother Gary also played an excellent game. M.T.S.C. fans can expect a great deal from the Whaley's in the future.

The whole team was spirited and in good form for this game. The score indicates this.

CHATTANOOGA

As in years passed and as expected, the annual encounter with the Moccasins of Chattanooga was an especially difficult one. It proved to be even more difficult this year due to many injuries, due to inexperience, and due to the final exasperating score. Even with the numerous injuries and the score, M.T.S.C. did have some fine participation on the part of new recruits halfback Jimbo Pearson, end Gary Whaley, and halfback Larry Whaley as well as the older veterans. These performances were tremendously significant because they were a glaring sign of things to come.

The Raiders held the Moccasins to only one touchdown with its extra point in the first quarter. The Raiders stemmed off attack after attack to hold the Mocs scoreless in the "battering" second quarter. The Mocs eventually broke loose in the third quarter to make contact twice. The fourth quarter saw the Raiders lacking in points, but Quarterback Jerry Pearson was able to plunge over from the four yardline in time to give the Raiders a score.

MURFREESBORO

In one of the best games that the Murfreesboro Raiders have played all this season, the freshman players were especially noteworthy. After Captain Nicky Lynch scored on a pass from Terry Bailey early in the first quarter, flashy freshman Jimbo Pearson returned a Morehead kickoff for ninety-five yds. and a TD.

Larry Whaley's turn came next, as he scored in the second quarter on a pass from reliable Terry Baily. M.T.S.C.'s final touchdown came in the third quarter as hard-hitting fullback Larry Puryear plowed over for pay dirt. With every touchdown the extra point was good. Nicky Lynch provided for three of these necessary points with Joe Wiggins kicking the other.

In mentioning other outstanding M.T.S.C. freshmen in this game, special mention should be made of End Cary Whaley and Tackle Bill White. Veterans Jerry Pearson, Wildcat Butler, Hilrey Carr, and Jim Nabors were also most impressive.

As the score showed, this was all Murfreesboro's game. Morehead was unable to either move or pass the ball and did not score at all.

MURFREESBORO

The Blue Raiders lost a heartbreaker in the Florence State game. Murfreesboro stayed on the ground by and large in this hard-hitting game. The Lions form Florence seemed unable to move the ball much until the last quarter, when they finally were successful. The extra-point too was good, thus making the all-important difference.

M.T.S.C. was successful in the fourth quarter also, as fine quarterback, Jerry Pearson, who is always hard to stop, piled over for the T.D. on a keeper play. The extra point was unsuccessful.

Other than the scoring efforts by both sides the game seemed to be a see-saw affair with neither side gaining a decided advantage. However, M.T.S.C. did seem a bit more effective until the last when the Lions triumphed.

MURFREESBORO

Middle Tennessee very effectively crushed the Murray State aerial attack to the delight of zealous homecoming fans. Fullback Larry Puryear, halfback Jimbo Pearson, and center Billy Joe Evans adeptly pulled four interceptions from the air. Of particular note in this game was the fine play on the part of the M.T.S.C. line led by the seasoned George Noe.

The first quarter had hardly begun before fullback Larry Puryear ground in for six points.

Quarterback Terry Bailey helped move the ball into scoring position in the third quarter. On a perfect roll-out to the right, Bailey went into the Murray end zone after covering thirteen yards. Flashy little halfback Larry Whaley ran the extra points on a pitch-out to the right.

With only nineteen seconds left on the clock in the fourth quarter, Quarterback Jerry Pearson connected with a perfect pass to end Frank Halliburton who easily outran the Murray secondary.

JOHNSON CITY

The East Tennessee Buccaneers of Johnson City entered the game with the advantage of being on their home field and with an intense determination to defeat the Blue Raiders. The halftime score of 0–0 is indication enough of both teams determination. The Raiders, however, were not to be denied or deterred from taking the victory at the expense of the Buccaneers.

The Buccaneers lashed out at the Raider line as soon as the game began, but they succeeded in scoring only once in the third quarter.

The Raiders scored first in the third quarter as the dependable fullback Larry Puryear hit pay dirt. Quarterback Jerry Pearson after a month march down field in the fourth quarter gave the score another boost of six points. Nicky Lynch came through with a near perfect kick for the extra point. As the fourth quarter progressed, Fullback Larry Puryear, halfback Jimbo Pearson, and halfback Phil Grammar intercepted key passes to stop East Tennessee's drives.

COOKEVILLE

A fired-up Tech team proved very difficult to stop on this annual Thanksgiving Day game. The Eagle line seemed almost invincible until the last quarter when the Blue Raiders scored. This score came as excellent end Frank Halliburton, who is always superb at catching passes, took one from reliable Terry Bailey for the T.D. Hilary Carr then piled over for two more points.

Probably the biggest thrill for Raider fans came as freshman halfback Jimbo Pearson, who reminds many observers of the great Bucky Pitts, took a kick-off for an eighty-five yard run back. This went for nought however, as a clipping penalty brought the ball back to midfield. This piece of bad luck hurt the Raiders very much. Pearson's long to be remembered run was noted for its fancy and adroit stepping. Tech will see more of Jimbo next season.

Tech's line and backs were steadily effective, as they piled up a score of thirty-five points. They were truly fired up for this all-important game.

BASKETBALL

Coach Ed Diddle

Although the Blue Raiders had only a "so-so" record for the 1960–61 season, optimism runs high for next season. This is due to the fact that the eleven-man squad had five sophomores and four juniors with only two seniors. With these returnees the depth and experience of next season's team should be good. Two of the consistent starters of the 1960–61 team were Bennett Jent and Dwain Jones, who were both sophomores.

Coach Ed Diddle, who was backed up by assistant coach Bill Stokes, reported the future for 1961–62 is indeed bright, due to the fact that such stalwarts as Bennett Jent, Dwain Jones, Ed Newton, Phil Jones, Joe Baker and Bill Nickell will be back. Also, the freshman team played consistently good ball, and its 1960–61 members will be seen a great deal next season on the varsity team.

One reason for the poor 9–14 record was that the team had some bad breaks and was all-in-all a very young team. Toward the end of the season the basketballers played more inspired ball as the record indicates. During the first of the season the team was unevenly balanced while in the final seven contests it was more evenly balanced.

Of special delight to M.T.S.C. fans the 1960–61 team defeated arch rival—Tennessee Tech on two occasions. Four of the M.T.S.C. victories were Ohio Valley Conference games to equal the 1957–58 and 1958–59 victory records.

The Burden brothers, Bob and Ray, will be missed next season. They have both played superb basketball at M.T.S.C. for four years. Bob, better known as "Tweety" scored some 304 points this season with an average of 13.8 per game. Ray and Bob have served M.T.S.C. basketball well.

M.T.S.C. fans look to a great season in 1961–62. A great improvement over the 1960–61 is imminent.

Baseball Squad Ties for Second

Coach Jack Deere

Prospects for a successful baseball season this year at M.T.S.C. are very good. The Blue Raiders will have a new coach this season; Coach Jack Deere will assume the very best in the way of coaching for the Big Blue. With the notable exceptions of Ray Purvis and Jerry Stapleton, the '61 team will be much the same as last year. This should provide needed experience and depth.

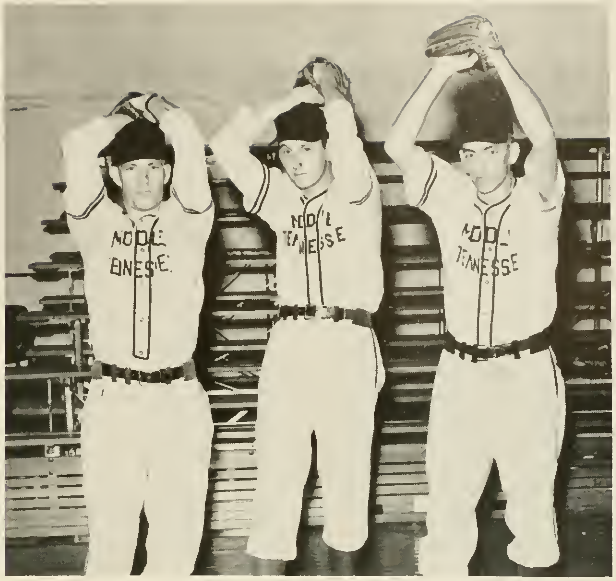
Last season's over all record was ten wins and eight losses. Four of these victories were in the OVC games while two of the losses were in OVC games. The big Blue tied for second place in the OVC. This tie was with Western Kentucky. Murray was first as the season ended.

Left-fielder Don Tassey led the Blue Raider squad in hitting with a .354 average. Ray Purvis led in home runs with six; Purvis also led in R.B.I.'s. In the pitching department Jerry Stapleton was tops with a record of four wins and two losses.

This season's schedule will be much the same as last years. It should be noted that for the first time M.T.S.C. will schedule several double-headers. This should create more interest in baseball at M.T.S.C.

Most of last season's lettermen will return. Of the pitchers John Stanford, Conrad Curl, Harold Ford, and Randall Fletcher will be back to baffle M.T.S.C. opponents. Bill Settle, Moir Hill, Phil Jones, Jimmy Painter, John Stallings, Charlie Reeder, and Ken Russell are the returning infielders from last season. They present a formidable group. Don Tassey and Jack Reavis will return to snatch all balls hit to the outfield.

The new prospects for the '61 team are indeed superb. Jere Ray, Roger Headrich, Bobby Taylor, Troy Jones, and Mike Hudgens are new pitchers, who should be excellent. Jerry Pearson and Eddie Hobson are prospective catchers. Gary Whaley, Larry Whaley, Jimbo Pearson, Jackie McCanley, Louie Alford, and Bobby England will be out for the various infield positions and should all be fine. These prospects should insure fine baseball for future seasons at M.T.S.C.

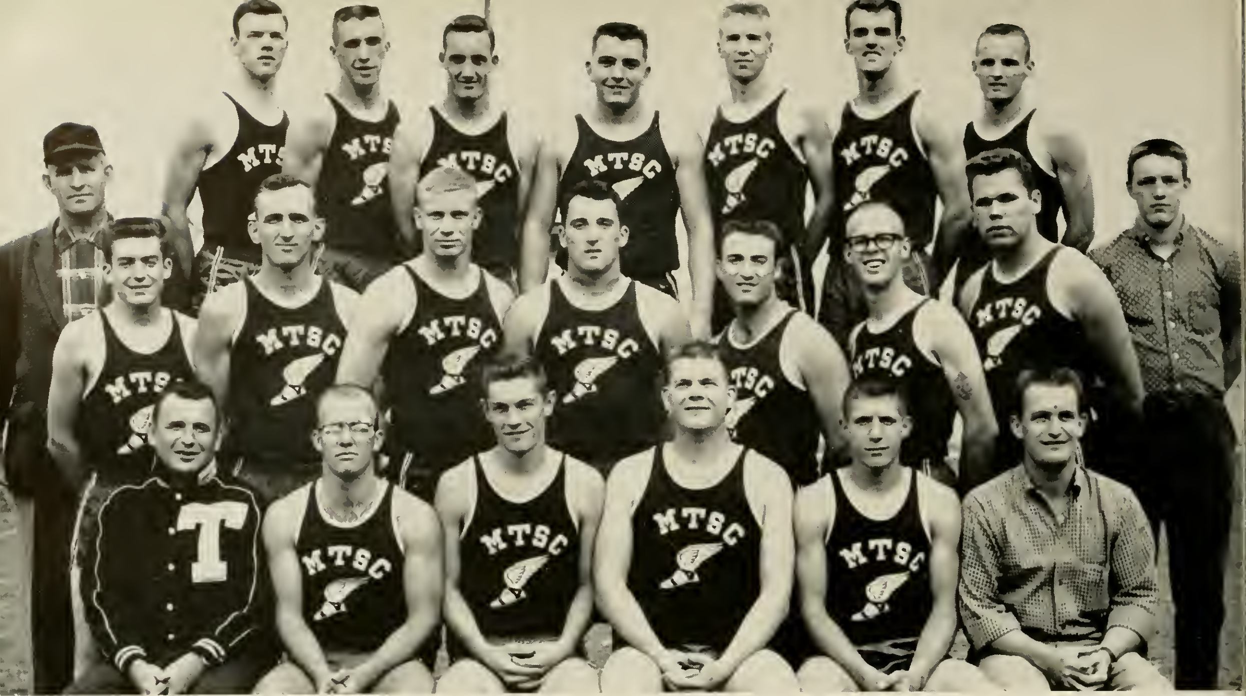


Pitchers Randell Fletcher, Harold Ford, and John Stanford warmup in anticipation of the coming season.

Last year's batting champ Don Tassey gets ready for the approaching season.

Jim Painter, Mori Hill, and John Stallings are sure to be reliable this season.

Team in action from last season.



1960 TEAM—First Row—Willie Faulk, Bobo Herring, Troy Haddon, Gerald Shutters, Buddy Dubois, Baxter Robinson. Third Row—Coach Hayes, Mike Batsell, Dick Swain, Clyde Dutton, Gene Watson, Porter Maxwell, Frank Halliburton, Ronnie Haley, Pete Howard.

Tracksters Finish Second in O.V.C. and T.I.A.C.

1960's track team proved most adept and created more interest in the various track sports than has ever been evident at M.T.S.C. Coach Joe Black Hayes was in charge of the tracksters.

The 1960 team with Gerald Shutters and Troy Hayden as captains placed second in both O.V.C. and T.I.A.C. competition, as well as second in the Chattanooga Relays. A number of records were set by individual members of the '60 team. Ray Purvis set school records in the 100 yard dash, which he ran in 9.6 seconds, and in the 220 yard dash, which he ran in 22.1 seconds. Purvis also set an O.V.C. record in the broad jump with a 22 foot 11 5–8 inch mark. Frank Halliburton broke the Chattanooga Relays high jump record with a 6 foot 2 inch jump. Also, Halliburton holds records in the 440 with 51.3 and in the 880 with 2:03.4. Buddy DuBois set a school record with the javelin—throwing it 174 feet 2½ inches. John Hedge, Ronnie Haley, Buddy DuBois, and Frank Halliburton set a school record in the mile relay, which they ran in 3 minutes and 38.2 seconds.

Dick Swain set the high hurdle mark of 14.8 last season in the T.I.A.C. meet. Porter Maxwell holds the school record in the 1 mile and 2 mile run with 4:30.7 in the 1 mile and 10:03.5 in the 2 mile, both set in 1960.

Swain set the school record in the pole vault with 12 feet in 1960. Also, Gene Watson, set a new school record in the shot put with a 42′ 10½″ pitch.

1961 TEAM—Andre Duhaime, Ronnie Guess, Fred Bonney, Bonnie Hudgens, Jerry Davidson, Sonny Pruitt.

Tennis: A Growing Sport at M.T.S.C.

The 1960 season saw the Blue Raiders Tennis team with five wins and six losses. Two of the five wins were wins were victories over the inadequate Tennessee Tech team. However, the Raiders finished fourth in the OVC. This position was the highest finish for any tennis team in M.T.S.C. history. The team also won their first medal in OVC play, and the combination of Gibbs—Hudgens won their second doubles crown.

The lettermen for 1960 were Andre Duhaine (Captain), Worthy Babb, Hester Gibbs, Bonnie Hudgens, Bonnie Slatton, Fred Bonney, and Leon Pruitt. This team was considered an oddity due to the two women playing on the varsity. These two women played with great finesse and added much to the stature of the team.

Duhaine, Hudgens, Bonney, and Pruitt will return for the 1961 season with six more places on the team to be filled by new recruits. The schedule will add the University of Tennessee and Wheaton College to the traditional foes of TPI, Western Kentucky, Murray State, and Chattanooga. The OVC tournament will be held at M.T.S.C. and the Raider fans will be expecting much of the 1961 team.

M.T.S.C. Linksmen Have Great Season

The M.T.S.C. 1960 golf team made a truly superlative showing under the fine leadership of Coach E. K. Patty. Last season's captain was Joel Vinson. The team participated in seven matches—winning them all. Also, the M.T.S.C. Linksmen won the T.I.A.C. tournament and placed seventh in the Southern Intercollegiate tournament. Finally, the M.T.S.C. group placed first in the O.V.C. tournament to complete an excellent season. Joel Vinson won the individual championship in the O.V.C. with a score of 138. Teammate Doug Hall finished second in individual scoring in the T.I.A.C. with 146. Also, David Dixon set a course record at Murfreesboro with a score of 64.

Intramural Program

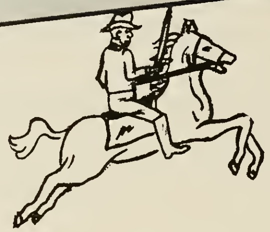
Coach Joe Black Hayes and his assistants, Dick Swain and Don Casey, direct and govern the Middle Tennessee State College intramural program. The intramural program offers such sports as football, basketball, and swimming for students of the college. The purposes of the intramural system are to interest as many students as possible, to develop a well rounded program with a variety of activities, to promote leisure education, to develop group spirit, and to promote physical, social, and mental health.

This year the directors are planning to enlarge and widen the scope of the program with the addition and advancement of table tennis, track, swimming, archery and golf. Some of these sports are already included in the system and are meeting with as much success as the old standbys football and basketball.

Football and basketball always generate enthusiasm and intense competition among the participants. Teams that successfully defeat their foes in round robin tournaments of basketball and football are declared winners—or champs. These tournaments serve as a medium through which sportsmanship is developed and participation of as many students as possible is encouraged.

One of the top teams in basketball.

ASB BULLETIN



ASB BULLETIN

On the following pages the CAMPUS CAMERA has recorded only a sampling of the many activities during the 1960-61 year. From the opening football game in the Fall to and including Commencement Week in late Spring, the campus resembles a bee-hive at swarming time. Take a look at our school calendar. It is chuck-full with meetings, conferences, drama productions, assemblies, football, basketball, track, baseball, and fun nights. In addition, there are those last-minute, spur-of-the-moment occasions that do not find a place on the calendar--and understandably.

What have been the high points during this year? The answer is not an easy one so we will just mention a few that impressed us. As you will remember, the "Cossacks" came to us last Fall and presented a memorable program. In fact we have been impressed by all of the special assembly programs that have brought artists of international reputation to our campus. Of course we remember the Military Ball and the music of Glen Miller. Then there was the time that we lowered the boom on T. P. I. in Memorial Gymnasium. We vividly remember the excellent dance performance given by the Health and Physical Education Department and the Aquatic Show. And equally as much do we recall those informal get-togethers in the Tennessee Room and those in the blaring, juke-box atmosphere of the Terrace Room. These are some of the things that will stir memories years from now.

We do not know of any college anywhere that has a friendlier atmosphere. A student at Middle Tennessee State College ceases to be a number but becomes a personality recognized by faculty and other students as well. This is of particular value to those freshmen who are away from home for the first time. Becoming involved in some of varied activities on the campus always assists in relieving homesickness.

RETIRING TEACHERS

Mr. Horace G. Jones

Mr. Horace G. Jones, of the mathematics department, is one of the most outstanding faculty members M.T.S.C. has ever had the privilege of knowing. He is a professional in the field of teaching with forty-two years of experience behind him. He received his B.S. from Middle Tennessee State Teachers College and his M.A. degree from Peabody College. He joined the M.T.S.C. faculty in 1921.

Professor Jones acts as a math magnet drawing the mathematical genius from students at M.T.S.C. His classes have been some of the most enjoyable courses on campus. We regret that he is retiring from the teaching field when he can contribute so much to our school, however, we want to extend our heartiest wishes for a continued success.

Miss Elizabeth Schardt, often seen around the campus quietly speaking French to herself, is ending her last year of teaching at M.T.S.C. Since 1918, she has been an eminent figure in language promotion. She received her A.B. from the University of Tennessee and her M.A. from Peabody College.

Miss Schardt has had wide experiences in the realm of travel—including study in France, Belgium, and Mexico. For pleasure she has ventured to more than five countries.

Tau Omicron and the Newman Club are indebted to her for being their sponsor for the past several years. Students that are fortunate enough to take a language say that her humorous remarks and sharp comebacks get their class off to a rousing start.

Everyone wishes Miss Schardt a pleasant retirement and hope that she will come back and visit M.T.S.C. from time to time.

Miss Elizabeth Schardt

Dr. Clifford N. Stark

Dr. Stark, reared on a farm in Dickson County, Tennessee, received his B.S. degree from Middle Tennessee State Normal School in June, 1920. He was Principal and Teacher of Vocational Agriculture at Christiana High School for two years. During this time he attended George Peabody College for teachers on Saturday and when not teaching. He received his M.A. degree from Peabody College in 1924. He entered Cornell and did graduate work and retired from Cornell, June 30, 1951 as Professor of Bacteriology, Emeritus. While on sabbatical leave from Cornell, he spent the college year 1949–50 at M.T.S.C. He returned permanently to M.T.S.C. in 1951. He has been Head of the Department of Agriculture and Manager of the college farm.

He is married to the former Pauline Whitson of Centerville, Tennessee.

He is not only a retiring teacher this year but is also featured in the 1961 MIDLANDER as an outstanding alumnus.

CHEERLEADERS

Big day for prospective cheerleaders

Yelling, screaming, clapping—the cheerleaders lead the football squad onto the gridiron. How could anyone refuse to join in the excitement with such enthusiasm in the air. To live up to the title of cheerleader requires work, skill, desire, and guts. The great cheerleader is an inspiration and guiding light to the fans and football team as well as a credit to our school

Our ADVERTISERS play an important role in the financing of our yearbook. The staff is allotted a budget base from the student activity fund. Any additional revenue that the Midlander business manager can raise is added to the budget. Those of you who may be disturbed at times because the yearbook is not sprinkled with color and unusual lay-out should remember that engraving and printing costs are multiplied with these additions. However, we believe that the 1960-61 Midlander has adequately recorded many of your treasured memories and you will enjoy reviewing its pages as the years go by.

The business firms of Murfreesboro have been very kind and generous in responding to the solicitations of the staff. Many of the business friends may regard space in a yearbook as "frozen" advertising or a gift. If this is true, these business friends are friends indeed and the college has a challenge to continue meriting this confidence. The staff informs us that over twenty-two hundred copies are printed. These go into hundreds of homes and are read and handled by hundreds of other people over the years. It is possible that some tangible return will be realized by our advertising friends.

We urge you to patronize the people who are represented in the following pages. When you do, please take the opportunity to thank them, not only for assisting in the publication of our yearbook, but for supporting our college in so many of its other activities.

Mayor Jack Todd of Murfreesboro, Judge James Threet of Rutherford County, and the Chamber of Commerce have placed this community in an enviable position among the industrial leaders of the State. There are so many good things that this area has to offer, not only for industrial plant location, but for those who are searching for a good place to live. Not the least, we hope, is a good school system beginning with kindergarten and culminating in a state college. Industry thrives in a climate of understanding which is embellished by education. It is our hope that Middle Tennessee State College has played some essential role in attracting substantial industry. Although some of our students come from Murfreesboro and rford County, the great bulk of the enrollment is dr communities all over this state and other states.
